

Whatever “fruit” Adam ate, his sin messed up everything; including plants, the environment and the animal kingdom. If I understand correctly, there were **no weeds** before “The Fall.” It is also possible that **originally neither man nor animals were meat-eaters!** The coming, God-renovated world will again have “all things new!”

I’ve seen articles that suggest the existence of “**gay animals.**” I believe the whole homosexual issue started at The Fall, and is also not part of God’s original creation. Since then, **animals may be vicious or stubborn**, for example, but they are not evil. Evil only exists in the moral world—*that’s* man’s problem!

Therefore, man’s original departure from God brought within him **distortion of every sort**. God has commanded correction of the moral distortion, whatever kind it is, and has provided for that correction. The distortion is called “sinfulness.” To wilfully retain and/or promote the distortion makes the sin grow in enormity... in the individual, the community, the nation and the world. **It is the worst pandemic, for it has been global since Adam, and has simply spread and deepened.**

Though the atmosphere, and plant and animal life are not moral, yet “*the whole creation is groaning to be released*” from sin’s polluting effect (Rom. 8:22). Man’s sin has messed up the whole world, but God’s new world will be thoroughly cleansed.

Right now, the devil and his earthly

helpers—who have been bringing more of the global chaos than you can imagine—are trying to bring in a counterfeit of God’s new world. **This will be the final great distortion**, and it will not be pleasant...wait and see. But with all the wonder and splendour and beauty these leaders of counterfeit and distortion think they will bring about, God sees it as the final rebellion and distortion. All citizens and participants of distortion will have wilfully purchased their own ticket to the eternal dwelling of the distorted damned...and there will be no friends there.

The front page article shows the fairness of God in His governing actions toward men and nations. Untold millions will go to hell because they wilfully refuse to obey God and walk *His Way*. Countless others will go to hell because people who know the truth, not only will not tell them, but actually *hinder them!* (Matt. 23:13; Lk. 11:52). The unfairness, then, is in the lap of these rebels. It was unfair of Adam to bring sin upon all mankind. It is *equally* unfair...and *evil*...that many today refuse to mind God, and get fit spiritually to tell others. **Yes, the “apple” caused a crash long ago, but the greatest crash of all is coming like a speeding comet.**

Whatever horrors may be around the corner, **DON’T GET DISTRACTED**—looking here and there. Hope for our world could be within reach if London alone would experience *true*, heaven-sent, sin-killing revival...now! I say “now” because time is running out fast. Yet, such a revival would bring the greatest liberating power any society or nation could know...and as **George Washington, America’s first President said: “Liberty, when it begins to take root, is a plant of rapid growth!”**

“ALREADY NAKED” Adam and Eve (above) were naked year-round. With “The Fall” began the fashion industry, and like today’s, Adam’s self-made covering was grossly inadequate. God Himself provided a covering for them that He approved. He did the same with *spiritual* nakedness of man, providing it through the sin-covering blood of Christ. Mad “artists” get 1,000 volunteers to pose together naked for “art.” Cancer Research got celebrities to “Give Up Clothes For Good.” Many such “good causes” simply jump on the immorality bandwagon. Virgin (ironic!) screened the most stupid series suggesting that nakedness in the office boosts employee confidence and trust. Friend, man is already naked before God (Heb. 4:13), but Jesus Christ offers the cure for man’s nakedness, blindness and poverty (Rev. 3:17-20)...for He alone IS our cure.

Don’t look now, but Babylon’s army is coming! Don’t worry. I *WILL* share some *GOOD* news in this article, too! By “Babylon’s army” I do not refer to present immigration, nor to Iraq (old “Babylonia”). I speak of present global chaos, created and manipulated by a network of “elitists.” This group gained control of the economy, industry and military of most of the world over generations. They long-ago infiltrated and control education, media, etc. and make puppet politicians to do their bidding.

However, God Himself has a “hook” in their noses and jaws! (2 Kings 19:28; Isa. 37:29; Ezek. 38:4). **God uses bad guys... including these ones!** Yet, this powerful elitist group is **not the only “bad guy” around.** Evil of all sorts oozes from

the cracks, crevices and corners of London, the nation and the rest of the world.

God’s “clean-up day” is coming soon, and **He won’t get dirty in the process.** Meanwhile, you and I may have some serious questions. But *with* our questions, we must be honest and objective about things and about ourselves. God’s prophet, Habakkuk had serious perplexities, and **he poured out his complaints to God.** He did not complain *against* God! Big difference.

Bibles give only two to five pages to Habakkuk’s book. Yet, its relevance for today cannot be exaggerated, for devastation worse than Habakkuk spoke of may soon come. (See Jesus’ words Matt. 24:21). **Put your brain on “soak” mode**, and carefully read his God-inspired words for greatest benefit.

Habakkuk was unique among prophets and apostles of the Bible. His words were spoken to God alone; not to his own people nor to foreigners. He did not hide Israel’s sins, but exposed them in detail...only to God. He was not delivering a message, but trying to solve a problem...and the problem was God’s way of governing the nations!

Israel’s wickedness was nothing
(continued inside)

“NOAH’S LAST NAIL” The final workday on that huge boat came. What was the last bit of human labour on it? I don’t know. *One day, I will produce and offer my last issue of this paper. You will then receive no further witness, warning or encouragement from me.* God shut the Ark door in His perfect, unannounced time. The people who perished in The Flood are in eternity. For 120 years while Noah built and preached, they could have secured their own safety, plus help Noah reach others. They did neither. Was it “Noah’s fault” for not having parties to attract interest? No! (Heb. 11:7) Even God asked: “What more could I have done!?” (Isa. 5:4 compare with 2 Chr. 36:15, 16; Jer. 2:5; 7:25, 26; Matt. 23:37).

GOD USES BAD GUYS

(continued from front page)

new, but every generation (including ours) must have faithful witnesses like this man. To him, it seemed that God was either ignoring the nation's sins or didn't care. **When God SEEMS to turn a blind eye** to individual or national sins, it often encourages more sinning (see Ps. 50:16-21; Eccl. 8:11). To Habakkuk, it seemed so wrong. Yet, rather than "give up" on prayer and communion with God, he persisted.

When his answer came, it made things worse! God wasn't idle, but informed him that He was going to punish Israel by using the Babylonians. The prophet complained that Babylon was *even more* wicked than Israel. God seemed unfair. Yet, God had already warned Israel about Babylon years before (Isa. 39: 6,7). God assured His man that Babylon would get punished, too. Babylon foolishly thought that their power was permanent. Wrong!

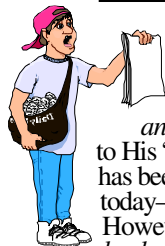

Britain had spiritually deteriorated before WW2, but why did God allow Hitler (and Stalin) to bring horror and death to so many millions? **Britain could have complained as Habakkuk did**, that it was "not as bad" as Nazi Germany. Dear friends, we are coming close to a dreadful time that will likely make WW2 look insignificant in comparison. *Also*, Britain's sinfulness has reached a bursting point, yet is blindly and proudly advancing toward judgment, like Babylon. **Sin fools people** (even *religious* groups!) into

thinking that they are "not so bad," and will not be punished by God. The question is: Do you love God, seek to discover His will and way for your life, and truly seek His approval? If not, then your eternal chosen residence will be with the Hitlers, the murderers, the perverts of every sort, the liars...you name it...and it is *your* chosen home.

Habakkuk ministered at the same time as God's prophet, **Jeremiah**, who is called **"the weeping prophet."** Jeremiah was faithful to warn and woo his people in God's name, but his tears didn't turn those determined people from their determined course of rebellion and sin. **Jesus wept, too...** over the same city... and **God is calling to London...to Britain today!**

With two big threats removed by Babylon (Assyria and Egypt), Israel may have felt falsely secure, or been ignorant of the growing danger to their peace and safety. **Society today is asleep... drunken...dopey**, though the tightening tentacles of the fiercer Babylon threaten its very existence. *We make ourselves* as foolishly vulnerable as ancient Israel did if we fail to wholeheartedly seek and obey God Almighty. **Sin makes people and nations "sitting ducks" for destruction.**

Yes, horrific punishment was coming, but God told His faithful prophet to warn the people and give them guidance to escape (2:2). God makes it clear that for those who continue in sin, *there are no exceptions and no escape.* Yet **God is as faithful to the general public as He was to His messenger.** So, will we listen and take the necessary action...immediately?

YOU ARE THE MEDIA! The small group of Jesus' followers "*turned the world upside down*" (Acts 17:6). Enemies often brought false claims that Jesus' followers made commotion, disorder and confusion wherever they went. The Evangelical Revival of 18th century Britain (as only *one* example!) brought *order and blessing* out of nationwide chaos and sin. I draw your attention to Jesus Christ and to His "cream of the crop" followers, *not* to "false disciples." Much done in Jesus' name has been horrible, and is indefensible. Yet, enemies *opposed Jesus Himself*, and still do today—even with the disguise of religion! To oppose *HIM* is a far different matter. However, if Jesus Christ can have your heart and life...*fully, unconditionally*—*no holding back*... He can bring such blessing *TO* this nation and *FROM* this nation, as cannot be measured, no matter what others may say. I am neither joking nor exaggerating. **TRUE** Revival changes people, communities and nations wherever it goes. It can start in London... Even NOW!

We meet at Christ Church on the corner of Brent Street and Heriot Road in Hendon (NW4) at 5:45 pm Sundays. Nearest Tube: Hendon Central.

Consider this vital contrast God gave to Habakkuk (2:4). He *condemned* Babylon for its arrogance, but said that those who truly please Him will "*live by faith!*" "Faith" involves the intellect, and at times affects the emotions, but is *primarily* "volitional." "Volitional" refers to our willpower/freedom of choice. God gives us an undeserved, enabling power with which we must exercise our will to believe, obey and walk with Him. We must "repent," turn from all sin, and *believe* God to do *HIS* work in us. **THIS is God's foundation for lifting a nation and its people, as happened in Britain before... powerfully!** *THIS* is Britain's only hope today. It is the *ONLY* "radical surgery" that goes deep enough to effect a cure.

Some people think it is too late for Britain; that it has gone too far. What was the attitude of Habakkuk, knowing that gruesome and total devastation of Jerusalem was certain? Read it. Habakkuk "begins with a sob and ends with a song!" First, Habakkuk prayed for genuine spiritual revival (3:2), which is Britain's greatest need. But even in the face of coming destruction, Habakkuk, in the language of complete faith and trust, rests in God, who had been repeatedly reaching out to His disobedient people. Let's *ALL* seek God for true and thorough *revival* in Britain!

The word "*revive*" in Hab. 2:3, which usually means "*make alive again*" can also mean "*preserve alive.*" This shines another ray of light and hope. God's light... even here in this sin-darkened world... will never go completely out. Jesus made it clear, however, that the spiritual condition leading up to His Second Coming will be so dark that He asks, "*Will I find faith on the earth?*" (Lk. 18:8).

But Habakkuk was a man of faith, like those in "the Faith Chapter" (Heb. 11), who trusted God *without* outward, external "evidence." Like those men and women of faith, **Habakkuk wrestled with God, but rested in God!** We might hear more from God if we "*wait on the Lord,*" as Habakkuk did.

"Bad Babylon" was used by God to

punish Israel for its chronic disobedience, rebellion, sin and resulting corruption, violence and oppression. **It appears that God is using these evil International Bankers hidden away in Switzerland and elsewhere** to bring final global strangulation and disaster to a world that has largely and purposely turned away from true and loving obedience to God. Britain and America have enjoyed the true blessing of God more than any other nations in recent centuries. But like ancient Israel, they may be on the threshold of horrific punishment from God. But God's judgment will hit *you too*, if you are not wholeheartedly walking with Him!

We have far more understanding and availability of the truth of God than in Habakkuk's day. Like him, though, let us cry out for full-scale revival that will sweep the nation. The results of such a God-sent revival *would be even greater* than in the time of Habakkuk. Britain's vast cosmopolitan population could tell their own people *here*, then also go to their own country and tell it *there!* Yes, this world has a Problem, but like Habakkuk, let us have a matching Vision of God that transforms our attitudes, actions and motivations. **If God finds Britain full of people with open, receptive hearts, then He can REALLY use "bad guys" in the BEST way—by making them His "good guys!"**

Britain experiencing a genuine, God-sent revival would be greater cause for celebration than VE and VJ Day put together, for "*our common enemy*" is immeasurably worse than Hitler, and has been at it longer, and has been bringing rot and damnation to the entire nation. Yes, be ready for a fight. Yet, if professing Christians themselves will get thoroughly right with God... (and also all the others here in Britain from all over the world!)... and thereby become useable in God's hands... Oh, what could be the results! Will you dare to start minding God, *even now?*
